Innov-is 500D

Revolutionary Sewing and Embroidery Machine

Always at your side

Sew…where others fear to thread.

Brother has always been at your side with the latest in sewing and embroidery technology. Now Brother brings you the Innov-is 500D with a revolutionary thread cassette system that minimises hand threading. Thread the needle without touching it and change thread colours faster by pre-threading multiple cassettes. The Innov-is 500D is loaded with easy to use features and designs to give you more time to enjoy what you love, creating beautiful sewing and embroidery projects.

Quick-and-easy cassette threading system

The upper thread is threaded automatically when a spool is loaded into the thread cassette. Simply press the cassette into the machine and the needle immediately threads!

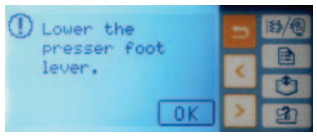
Simply touch the LCD display to manage all functions

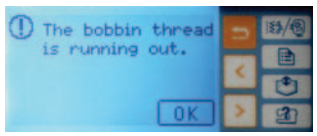
Touch LCD
Manage all the functions with a simple touch of the easy-to-read LCD display.

Online Instruction Guide
Follow the illustrated step-by-step instructions of the built-in operating guide to quickly learn how to use the many functions.

Settings Screen
Set the buzzer and opening animation to "On" or "Off" and choose your language.

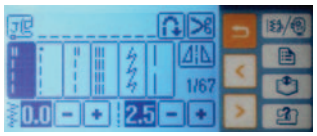
On-screen Editing
Powerful editing features include the layout, pattern rotation in 90°increments, mirror imaging and scaling.





Error Messages
The Innov-is 500D even alerts you to oversights. For example, if the buttonhole lever has not been lowered, an audible sound together with a displayed message will notify you. Or, you will be notified that the bobbin thread is running out.

My Custom Stitch™
This exclusive feature allows you to create decorative stitches on the LCD panel. These can then be saved to memory for future use.



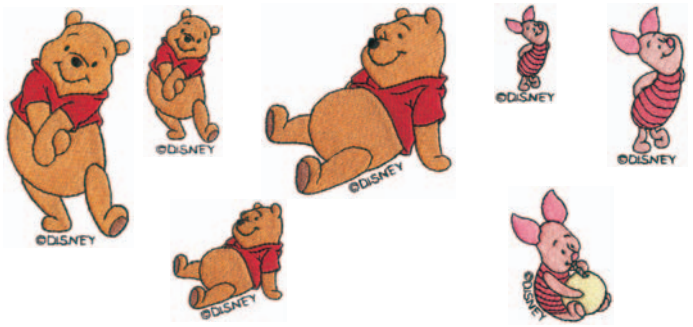
Utility Stitch
The Innov-is 500D offers 67 utility stitches. You can reverse stitches, adjust stitch length and width, program reinforcement stitches and the thread cutter.

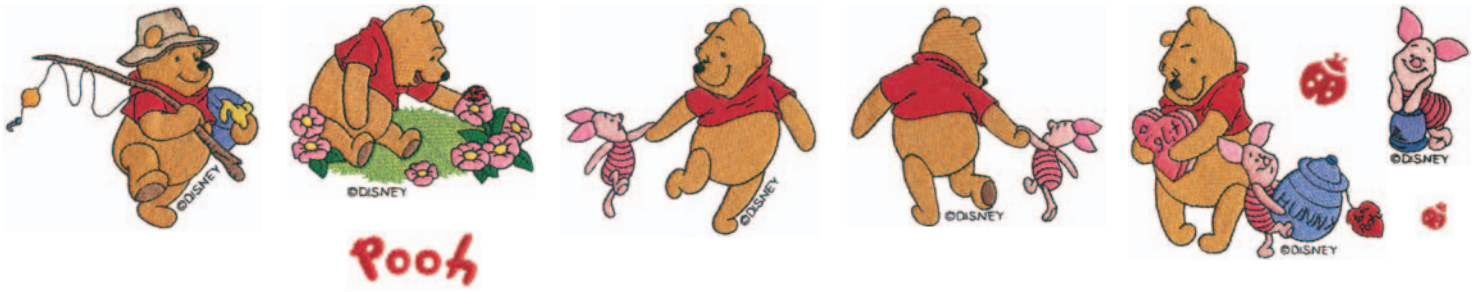
Combination of Stitches
The Innov-is 500D allows you to even combine some stitches for greater variety and creativity.

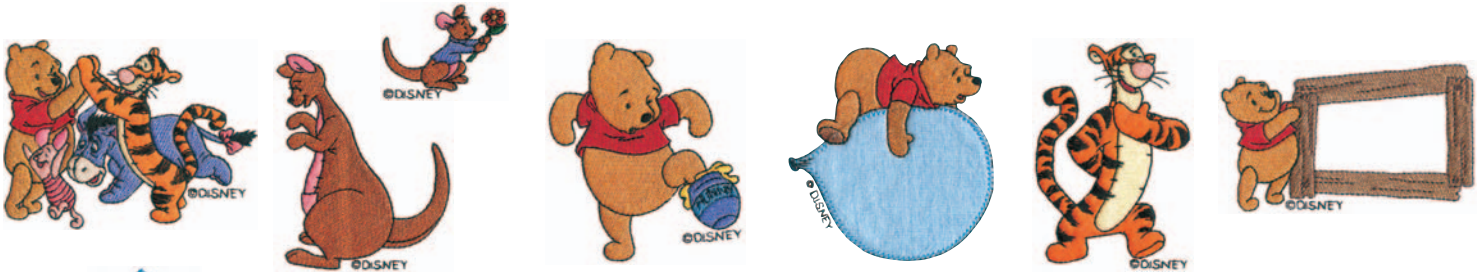
Built-in embroidery patterns for all ages

65 patterns featuring Winnie the Pooh & Friends

Choose from a total of 65 wonderful patterns from the ever popular Winnie the Pooh & Friends design series. See for yourself how the simple operation of the Innov-is 500D leads to professional results.







© Disney. Based on the "Winnie the Pooh" works by A.A. Milne and E.H. Shepard

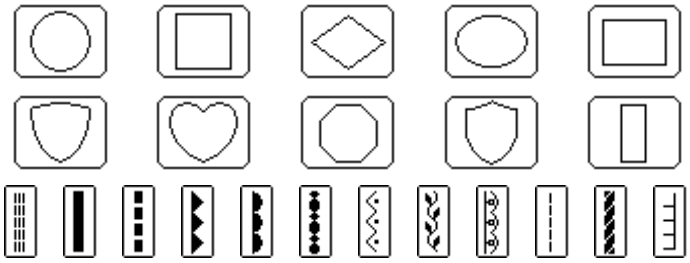
70 embroidery patterns

There are 70 additional embroidery patterns for the 100 mm x 100 mm embroidery area, including floral designs, seasonal patterns and holiday themes. The Innov-is 500D is compatible with the wide variety of designs available in the Brother Embroidery Memory Card Library.*

*Some designs that are larger than 100 mm x 100 mm may not be compatible.

Patterned frame shapes

Create 120 different variations of border patterns using the 10 built-in shapes and 12 border stitches.



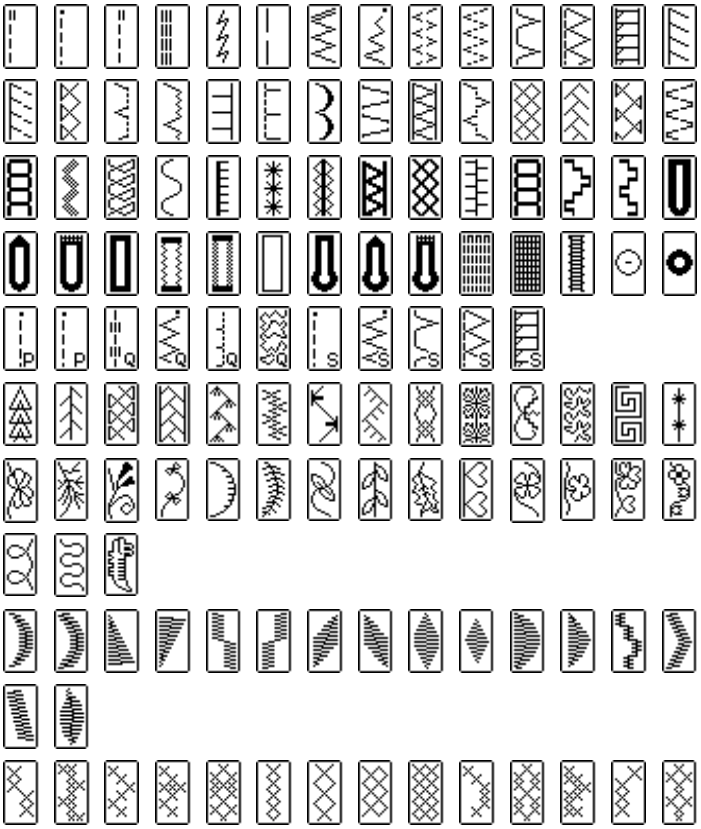
5 fonts in 3 sizes

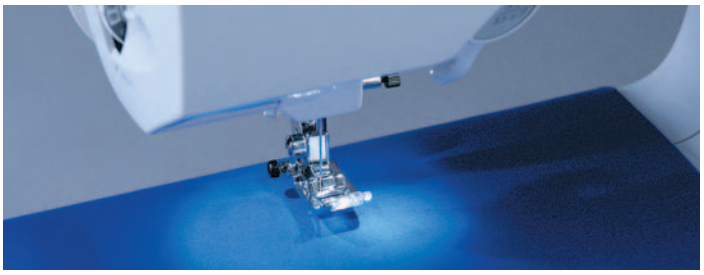
Built-in monogramming fonts make it easy for you to personalise all your sewing and embroidery projects.

ABCDEF ABCDEF
ABCDEF ABCDEF
ABCDEF

Decorative stitches

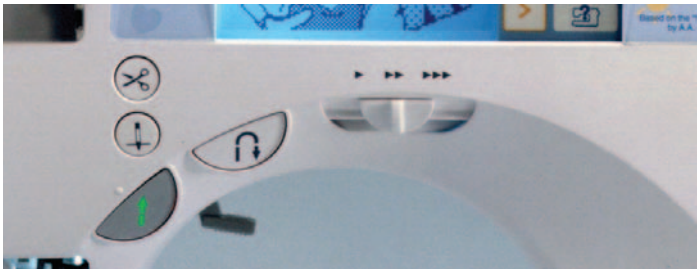
Chose from 128 built-in utility, decorative, satin and cross stitches to make your sewing experience fun and easy.





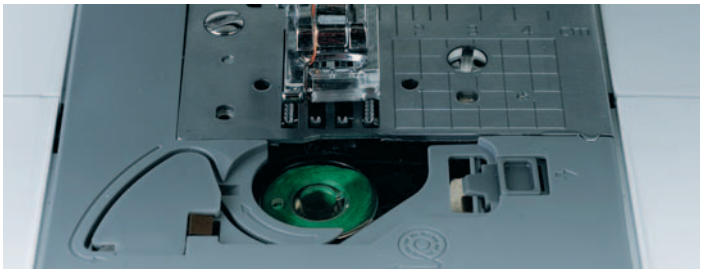
Dual LED Lamp

The convenient lamp makes it easier to work with dark fabrics.



Handy Central Controls

For ease of use, all operating buttons are on one convenient panel.



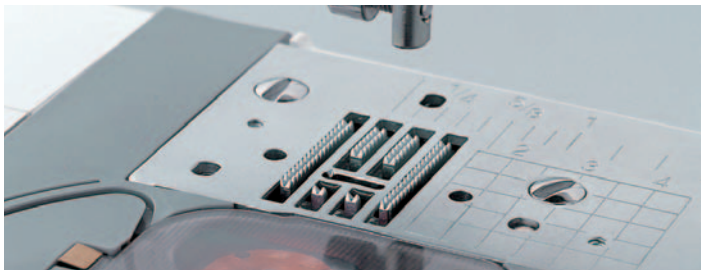
Top-load Bobbin

Just drop in a full bobbin to sew immediately.

Fast-winding System

Bobbin winding is simple! Take the thread around the thread guide, wind five or six times around the bobbin and press the start button.

features for all your projects

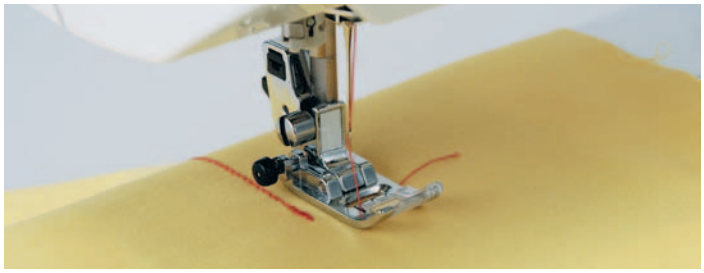


Six-point Feed Dogs
Effortlessly create smooth, accurate seams on any fabric from the lightest silks to heavy denim.

Flap Table
The convenient extension table enables you to sew large projects more smoothly.

Presser Foot Levelling Button
Keeps the presser foot level for smooth, consistent stitching over changing fabric thicknesses, such as the start of a seam or crossing seams.

Extra Spool Pin
The enclosed extra spool pin allows you to use a variety of spool shapes and sizes.



Auto Thread Cutter and Auto Reinforcement Stitch
The thread is automatically cut at the end of sewing.

Embroidery Card Slot
Take advantage of the extensive Brother Embroidery Card Library. The Innov-is 500D features a convenient built-in embroidery card slot. Download additional patterns from the Internet using PE-Design embroidery software.*†

Accessory Case
The Innov-is 500D comes loaded with extra accessories. This box neatly holds them all and can be stored in the center space of the machine for extra convenience.

*Requires additional purchase. †Copyright law may apply. Charges may apply. You are responsible for knowing and complying with applicable requirements.
